Importance: High

Hi Stephanie,

Yes I plan to send a Pre-NOI LTR on the Point Reyes Ranching General Plan, It is a good opportunity to get involved early.

Given we all are trying to start a precedent of early coordination it's too good to let it pass by or I would due to my heavy case load, do you have any suggestions or thoughts regarding the project?

Due to a pretty heavy caseload and the Dreamforce noise distractions and transportation challenges I have requested to work remotely, (episodic flexi), this week so please call me in for the meeting.

Kathy I hope you are feeling better.

James
